## THE ELECTION

As was anticipated the contest for governor and that for attorney general in Brazos county was close, which added to the fact that several close contests for county offices was expected caused much interest. Gov. Campbell's majority in the county is 85 and Attorney General Davidson's majority is 45.

The Eagle has been unable to secure reliable figures of the vote on the prohibition submission question, and a statement of this vote cannot be made until the official returns are opened next Saturday. It is understood, however, that the county gave a small majority against submission.

The returns from the state are coming in slowly and it will probably be several days before the result of the vote on the prohibition submission question will be known. So far as the returns are in, the vote is close and there are conflicting statements of the figures. It is the opinion of the Eagle that submission has been defeated by a small majority.

The vote in the county is smaller than was expected, the total number of ballots cast being only 1,317. The closest contest for the county offices was for sheriff between John D. Conlee, the present incumbent, and Geo. R. Wicker, the majority of the latter being only 9. The other candidates for county offices are: District clerk, J. H. Suber; tax collector, Walter Wiprecht; county clerk, W. C. Boyett; county attorney, Lamar Bethea. The nominees for commissioners are: Bryan, J. B. Priddy; Millican, P. H. Arrington; Brazos Bottom, J. C. Blume; Kurten, W. L. Edge. The nominees for constable are: Bryan, C. L. Baker; Harvey, J. H. Reed; Wellborn, C. E. Griffin; Kurten, D. B. Carroll; Millican, Geo. Greer. The nominees for justice of the peace are: Bryan, L. D. McGee; Wellborn, J. J. Lefebvre; Kurten, W. L. Edge; Harvey, W. T. Wood; Millican, J. Thompson. Executive committee: John K. Parker, chairman; Harvey, W. D. Yardley; Wellborn, T. H. Royder; College, R. R. Royal; Kurten, E. R. Lloyd; Cottonwood, J. Harris; Edge, Jas. Wilson, Jr.; Brazos Bottom, C. A. Glenn; Courthouse, J. ### Bryan Morning Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, JULY 28, 1908.

The worst weed on every farm is the weed that grows there in greatest abundance.

They say Col. Guffey won't give a cent to the Bryan campaign fund unless they will let him give over \$10,000.

A road built of clay and sand, mixed in the proper proportions and well cared for, is better than any macadam road.

"Hark! from the tombs a doeful sound." The ticket of the Independence party will probably be Hearsst and Graves.

Dick Wynne has made the trip up Salt river oftener than any other man in Texas, unless the sage of Cumby be an exception.

The cotton picking machine, the milking machine and the flying machine may be expected to arrive at or near the same time.

Let Hearsst go ahead with his Independence party. It won't hurt anyone much, but it will draw more votes from Taft than from Bryan.

For Worth says it is going to be the best paved city in Texas. Fort Worth does things, and never fails to proclaim it to the world.

The latest in summer drinks is a mixture of equal parts of lemonade and buttermilk, iced of course. The Eagle man hasn't tried it and can't say whether it is good or not.

Dallas county went against Gov. Campbell. It is also true that it went against Gov. Culberson and against Gov. Hogg. Dallas appears to be always "agin the government."

The apple orchards of Missouri, Kansas and Arkansas will turn out only about one-fifth of a full crop, consequently hard cider will be high and hard to get. This will have an influence on the prohibition movement.

The race between Cooper and Dies in the second congressional district and that between prohibition submission and anti-submission are both neck and neck and it will probably take the official count to determine the result in both cases.

The Palestine Herald sympathizes with the editors of the Houston Post, Austin Statesman and Fort Worth Record, who will have to vote for Attorney General Davidson in the November election. They're used to a diet of crow. A thick and thin organ has to have the stomach of a dog.

Candidate Taft wasn't allowed even to read his election speech, about the preparation of which so much fuss has been made, without first having the manuscript censored by his boss. And it would be the same way with his messages and other state papers, if he were elected; Roosevelt would still be president, with Taft as a mask.

### ADDITIONAL LIQUOR LICENSES.

In addition to the issuance of liquor and malt licenses for Brazos county given by the Eagle a few days since, the applications of the following were heard yesterday before county court and permits granted:

J. W. Hamilton, liquor, Bryan; Emmett Rohde, liquor, Bryan; Kosarek & Marek, liquor, Bryan; Joe Kosh, liquor, Bryan; J. D. Daly, liquor, Bryan; Harry Marwell, liquor, Bryan; L. Taylor, liquor, Bryan; J. J. Cahill, liquor, Smitana; Chas. Vesmirosoky, liquor, Bryan; J. W. White, malt, Bryan.

### SOME GOOD CORN.

Two sample ears of exceptionally good corn were presented to the Eagle a few days since by Mr. I. N. Broadway as material evidence of the excellent success with which he is meeting this year. Both ears were of unusual size, of excellent development and the grain of perfect and uniform formation. Mr. Broadway has a nice patch of the corn two and one-half miles west of here, from which the specimen ears were pulled at the random, and grew it without the use of a fertilizer.

### PISTOL TOTER FINED.

In county court yesterday, Ed Williams, a negro, was adjudged guilty of the charge of carrying a pistol by a jury and the fine of \$100.00 and costs assessed. This case, together with that styled the State of Texas vs. Buddy Bookman, charged with aggravated assault, and resulting in an acquittal by jury, constituted the proceeding of the day.

Today the criminal docket will be continued.

### RIVALS NEW HAMPSHIRE.

There was on exhibition yesterday at the store of Ed Hall a mammoth pumpkin, which in point of size and perfect development would rival the famed pie staple product of New Hampshire. The pumpkin was grown by Mr. Fritz Yeager, weighed 47 pounds, and so far as could be judged from its exterior appearance was perfect in growth.

### MID-SUMMER EXCURSION TO MEXICO VIA I. & G. N. R.

A more fitting program for summer vacation than a trip to Mexico can hardly be imagined. One fare for the round trip to all principal tourist points. Tickets on sale July 30 and 31, August 1st and 2nd. Limit twenty-five days. Stopovers at pleasure. For particulars regarding routes, rates, sleeping car accommodations, etc., apply to ticket agent I. & G. N. R. R.

### Figures From Fort Worth.

Fort Worth, July 27.—Additional returns from Saturday's primaries are coming more regularly but the canvass is still incomplete. One important change was shown by the votes Monday, submission then leading, where Saturday the wets had a slight majority. The vote stands: For submission, 38,254; against submission, 35,659, giving the dries a majority of 2,595.

Davidson's election over Wynne is assured, Davidson having 58,314 at noon and Wynne 50,202. Davidson's lead being 8,112.

Campbell's lead over Williams, still on the increase, but his majority will not be more than 50,000. Campbell at noon had nearly 78,670 and Williams 42,274. Campbell's lead being 26,396.

### In McLennan County.

Waco, July 27.—With returns from all wards in the city save one and partial from that and from all country boxes but ten R. R. Williams leads by 700. R. V. Davidson by 600. A. B. Davidson by a few hundred. J. W. Stephens by 400. O. B. Colquitt by 500. R. B. Cousins by 500. Submission by 450. Congressman R. L. Henry carried McLennan, Falls, Coryell, and W. W. Hair carried Bell and Hamilton re-electing Henry. H. B. Terrell for state senate carried McLennan and Falls but W. C. Gillis carried his home county Milam, by 1200 which may be offset.

### Kaufman County Results.

Terrell, Tex., July 27.—For governor Campbell has carried Kaufman county by 500 majority. Other successful candidates are Davidson for lieutenant governor, Stephens for comptroller, Robison for commissioner of the general land office and Alderdice for superintendent of public instruction. The race between Davidson and Wynne is close, with indications favorable to the former. Submission carried by a substantial majority.

### May Require Official Count.

Beaumont, July 27.—Returns from the Second congressional district are still so indefinite that an estimate of the result between Cooper and Dies cannot be made with any certainty. All the figures now at hand give Cooper a small majority, but the reliability of these figures is unknown, and boxes yet to be heard from all over the district could change the result either way. It may require the official count to decide.

### Campbell Has Large Majority.

El Paso, July 27.—Returns from twenty-one out of twenty-six precincts in the county show Campbell, 1,423; Williams, 363, with other state officers in the same proportion. Locally the present officeholders' ticket was nominated after one of the hottest factional fights ever waged in the county.

### Claimed by Randall.

Denison, July 27.—Judge Hassell, campaign manager, claims the re-election of Congressman Randall is over 2,000 majority. Barrett lost heavily in Fannin, his home county, over his majority of two years ago. Attorney General Davidson has large majority at Denison.

## MYER'S HARDWARE STORE ROBBED.

### Thief Prefers Cash Drawer and Registers "Charge It."

Open doors at the rear of the building and the absence of \$6.80 from the till constituted the evidence of a burglary committed at the Myers' hardware establishment Sunday morning, but a careful investigation by the management has failed to disclose the loss of anything other than the small sum of change. Aside from his light fingered proclivities the thief evidently possessed a decided sense of humor, as in abstracting the amount missing from the cash register, he pressed the button which registered "Charge It."

Circumstances admit of but one theory in the robbery, that the thief was hidden in the building at the time of closing Saturday night and made his escape with the money after the streets were deserted. There were no indications of a forced entrance.

For the skin to perform its functions rightly, bathing is required, and right bathing requires right bath requisites. We might add the right place to get these requisites appears to be Emmel & Maloney, judging from their large stock. 201

## HYMENEAL.

Sunday morning at 9:30 o'clock the marriage of Mr. H. O. Ferguson to Miss Sadie Mawhinney was solemnized at the residence of Rev. and Mrs. J. A. Challenger, that minister officiating. The connubial event was unannounced, and very quiet, only a small number of intimate friends of the contracting parties being present.

The bride is the daughter of Mrs. Mattie Mawhinney, a most estimable young lady of charming personality and possesses a circle of friends and admirers only limited by her acquaintance. She was raised in Bryan and is a universal favorite.

Mr. Ferguson is equally well known and liked, being a young man of irreproachable habits and attractive and pleasing address.

The couple left that night for Dallas, where they will take up their permanent residence.

## WRITES FOR COMMISSION.

**R. R. Williams Had Neglected to Secure Document.**

Austin, July 27.—Secretary of State Davis Monday received a letter from R. R. Williams of Cumby, late candidate for governor, in which Mr. Williams writes for his commission as justice of the peace of precinct No. 4, Hopkins county. The letter is dated July 21. Mr. Williams writes that he was appointed last January, but neglected to take out his commission. This was made an issue in the campaign, opposition to Williams claiming that he was discharging the duties of justice of the peace without a commission. The secretary of state did not send the commission, as the department has no official notice of Williams' appointment. He was so advised.

At Attorney General Davidson's headquarters here Monday it was announced that Davidson's majority is 13,000 and expected to reach 25,000. Robison claims to have won for land commissioner by a majority so far of 8,000. The race for comptroller between Stephens and Barker is still in doubt. Comptroller Stephens said that his information indicated that he was approximately 10,000 votes ahead and a section of the state yet to be heard from that is in his favor. Returns from over the state are slow in getting in.

Private Secretary Barton returned Monday morning from Palestine. He said Governor Campbell will not return to the capital until Wednesday. The governor's majority is estimated at not less than 100,000.

## NEGROES RAISE PRICES.

**Eagerness of Land Buyers Defeats Their Purpose.**

Muskogee, Okla., July 27.—The negroes called the turn on the white land buyers Monday and refused to sell their land except at prices nearly double what they had agreed to take.

The eagerness of the buyers defeated their own purpose. After corraling, feeding and entertaining the negro allottees who have homesteads to sell, the buyers find their money and their time lost. The negroes gave them the laugh, and doubled their prices.

Only sixty-four deeds were filed Monday morning when thousands were expected. Two buyers had sixty-seven negroes locked up in a building all day Sunday and all that night bought two barrels of near beer, a wagon load of watermelons and a cartload of sandwiches for them, but when morning came the negroes refused point-blank to sign deeds. Other buyers had the same experience on a smaller scale.

Many registers of deeds in different counties opened their offices before daylight Monday morning but the expected rush did not follow. The allottees are learning the value of their land.

## Catch Numerous Fish.

New York, July 27.—Many New Yorkers went fishing Sunday. One of the most popular of edible fish, the Lafayette, which every year inhabits the mouth of the Hudson, is now in New York waters in countless thousands. Beginning Friday and lasting all day Saturday and Sunday the Hudson river from the Battery to One Hundred and Twenty-fifth street had been simply alive with Lafayette.

Every pier along the water front has been lined with fishermen, fisher boys and fisher women. Such a lot of fish has seldom before invaded the river. The Lafayette bit anything. The Lafayette is what is known as a pan fish and few are longer than five inches. The average is four. The Lafayette is one of the most voracious of small fish and one of the most delicious as far as edible quality is concerned, for those who caught a mess Saturday were back again Sunday for more. The strings caught seem almost incredible, but there are a few and by no means record one score:

Alexander Muir, 622 in three hours; William Haubner, 845 in four hours; Matt Richardson, 771 in five hours; Walter Dalton, 612 in three hours; William Teits, 110 in thirty minutes.

One man had more than 1,000, and although tightly strung, the exhibit was nearly eight feet long.

You could not see anything but fish six inches deep. A woman all alone got 500 and sold them to neighbors.

## Bryan and Weaver Meet.

Des Moines, Ia., July 27.—When W. J. Bryan awoke Monday he found awaiting him General J. B. Weaver, who in 1892 was the Populist candidate for president. General Weaver boarded the train at Colfax, Ia., while Mr. Bryan was dressing, but soon the two men engaged in earnest conversation over the political situation. General Weaver sometime ago identified himself with the Democratic party and is a strong friend of Mr. Bryan.

At Newton, Ia., a large crowd gathered about the car and called for Mr. Bryan. The latter expressed regret that he did not know a speech was to be made, but he said a few words.

## Thirty Slain.

Vladivostok, July 27.—A band of Chuchus, armed with Russian army rifles, attacked the Chinese village of Ikhoto, killing thirty.

## CANDIDATE AT CINCINNATI

Cincinnati, O., July 27.—What promised to be an exceedingly busy political conference, committee meetings and general preparations for the notification ceremonies was begun early Monday by Judge Taft. He appeared at his office in the Hotel Sinton shortly after 8 o'clock and immediately went to work. Arthur Vorys, who had been selected as final authority in making the notification arrangements,

ARTHUR J. VORYS.

wast the first to be given an audience. The programme was carefully gone over and approved.

Early trains brought many members of the notification committee and county and state leaders. Many decorations in way of flags, streamers and bunting are in place and the activity is continuing this work gave the city a gala appearance.
